bogged all together. We understand, however, that his Honor the Superintendent has sent a man to make this place somewhat passable. This is one of the first acts of the new Superintendent, and it shows at least that on taking office he intends to mend his ways; it is therefore, not unreasonable to suppose, that he will next direct his attention to the formation of the whole line of road, which has been orying out for improvement for a length of time.

NEW CHAPEL AT MANGOREI. - On Sunday last this chapel was opened for divine worship, and there assembled a very good congregation. The Rev. H. Brown preached on the occasion. This chapel has been erected by Mr. Z. Wells in the centre of the Mangorei district at his own expense, and we feel certain his neighbours and the settlers round about there must feel grateful to him for his liberal act in providing them with a place, wherein they can assemble once a week to offer up their prayers to the Almighty. It is a pretty building, we believe, and the builder, Mr. Corney, has exhibited much taste in its erection. It is built of red pine, and will hold about fifty persons. The seats and reading desk are of polished wood, and the doors are covered with green baize. The chapel will be opened for Protestant worship every Sunday; and when there are a sufficient number of children in the district to attend, a school will be held in the building during the week.

THE REV. MR. IRONSIDE'S LECTURE ON NEW our supplement a ZEALAND.—We reprint in portion of an interesting lecture on New Zealand,
